AGENDA ITEM 6b

Bideford Town Council Interim Internal Audit 7th October 2024

Parish & Town Auditing Services were appointed to undertake the internal audits at Bideford Town Council in July 2024. The first interim audit of the 2024/25 financial year was undertaken on Monday 7th October 2024 in order to ensure that the Town Council is on track for a successful Internal and External Audit for the 2024/25 financial year.

I can confirm that I am independent of the Town Council.

As stated in the Letter of Engagement letter, the scope of our work is limited to completing the audit testing and enquiries we deem necessary to complete Section 4 of the Annual Report for Local Councils in England. We do not provide assurance over or accept responsibility for areas of work not included in this scope, unless specifically agreed with the Council during the financial year. In providing internal audit services we are not conducting a financial statement audit in accordance with standards and guidelines issued by the Audit Practices Board and our procedures are not designed to provide assurance over the reliability and quality of your financial statements. This will be undertaken by the Council's appointed External Auditor.

We are required by the Annual Internal Audit Report included in the Annual Governance and Accountability Return (AGAR) to review controls in place at the Council against predefined control assertions. These controls are included in the following report.

First Interim Audit

At this visit I reviewed the following areas:

- Follow up previous recommendations:
- Review of accounting and VAT processes;
- Risk management and insurance;
- Income;
- Budget monitoring;
- Salaries and Wages;
- Transparency Code data.

I reviewed the previous Internal Audit Report for 2023/24 carried out on 19th April 2024. The following issues were raised:

 Payroll – Payroll provider are in communication with HMRC regarding historic miscalculations. Update: All payments to HMRC have now been submitted. Council is waiting for HMRC to update its records.

A. Appropriate accounting records have been properly kept throughout the financial year.

Council and Committees:

The Town Council has six Committees including a Staffing, Finance & General Purposes Committee. This Committee monitors Council's finances and receives regular reports providing detailed accounts information including monthly accounts for payments.

Minutes:

Full Council minutes are sequentially numbered and uploaded on to the Council's new website, which is currently being updated.

Recommendation: Ensure that by 31st March 2025 all Council and Committee meeting agendas and minutes have been uploaded. It is good practice to upload historic minutes to ensure transparency.

Financial records:

The Council operates a detailed Income and Expenditure spreadsheet accounting system which interlinks to update the necessary reports.

Bank Reconciliations

All the Council's accounts are reconciled monthly and signed off by the appointed Councillor undertaking quarterly internal audit inspections.

Investment Policy

It is a requirement for Councils with balances exceeding £100,000 to draw up and adopt an Investment Policy. This will help ensure that Council achieves the maximum interest from its balances held.

B. This authority complied with its financial regulations, payments were supported by invoices, all expenditure was approved and VAT was appropriately accounted for.

Sample of paid invoices received from suppliers

A sample of invoices paid has been reviewed and has been found to be in order. No material differences have been identified.

Financial Regulations:

These were last revised in 2019 and do not reflect current Regulations. They are also out of sync with the Council's Standing Orders.

Recommendation: That the Financial Regulations be reviewed within this financial year and then annually as part of the Annual Town Council meeting and that any amendments based on legislative or other requirements be implemented. Note that the Financial Regulations should cross reference accurately with the Council's Standing Orders.

Standing Orders

Standing Orders are based on the NALC Model Standing Orders 2022. It is unclear as to when these have been reviewed and updated.

Recommendation: That the Standing Orders be reviewed as part of the Annual Town Council meeting and that any amendments based on legislative or other requirements be implemented. Note that Standing Orders should reflect the financial Standing Orders especially with regard to financial limits.

Procedure for payment of invoices:

Procedure is contained within Internal Control Statement and is complied with. All payments are presented to Staffing, Finance & General Purposes Committee for approval.

Tenders

Council is currently undertaking a large project to build a depot for the Ranger service. This is being overseen by an architect appointed by the Council.

NOTE: Any tenders exceeding £30,000 inclusive of VAT should be advertised using the Government's Contract Finder portal. It is also recommended that Council adds a Tender page to its website to upload tenders and Request for Quotations.

VAT submissions

VAT is submitted quarterly. Quarter One claim of £15,961.81 received on 26th July 2024. Second quarter submission has been actioned.

Debit/Credit Cards

The Council operates a number of debit cards. Whilst these are accurately recorded in the Council's accounts there are no specific internal controls regarding the management of the cards. New Financial Regulations will help to address this matter.

C. This authority assessed the significant risks to achieving its objectives and reviewed the adequacy of arrangements to manage these.

Risk Register

Risk Register reviewed. This was reviewed on 9th February 2024

Recommendation:

- May wish to consider including loss of key personnel and loss of Councillors and include controls to help mitigate against impact.
- Consider publishing the policy on the website.

Insurance Policy

Council is insured with Zurich Municipal. A Copy of the insurance schedule has been reviewed.

Statement of internal control policy

Copy of Internal Control statement reviewed. This was reviewed on 9th February 2024.

D. The precept or rates requirement resulted from an adequate budgetary process; progress against the budget was regularly monitored; and reserves were appropriate.

Budget and Precept

The latest budget was reviewed. Both tranches of the precept has been received. Receipt has been confirmed.

Budget Monitoring Reports

Reports are presented quarterly to Full Council with budget, expenditure to date and projected spend over the year. These are included in the relevant agenda and presented to Members.

Earmarked Reserves

Earmarked Reserves are in place and updated throughout the year. Total at start of year was £602,126 with £253,876 having been spent to date.

E. Expected income was fully received, based on correct prices, properly recorded and promptly banked; and VAT was appropriately accounted for.

Aged Debtors (3 months, 6 months and beyond)

None identified.

Allotment Records

These were not reviewed during the interim audit.

Leases

The Council has a 99 year lease with the District Council for the Pannier Market.

F. Petty cash payments were properly supported by receipts, all petty cash expenditure was approved and VAT appropriately accounted for.

Council no longer operates a petty cash.

G. Salaries to employees and allowances to members were paid in accordance with this authority's approvals, and PAYE and NI requirements were properly applied.

Salaries

A basic review of Salaries, Tax/NI and PAYE has been undertaken. Payroll is undertaken by a specialist company and reports are submitted to the Town Clerk monthly.

All staff have contracts of employment. It may be worth considering that older contracts be updated whilst undertaking the relevant consultation with employees as employment legislation is updated regularly.

Member Allowances

It is normal practice for all Members allowances to be paid through the PAYE scheme operated by the Town Council. NALC provides the following advice:

Tax implications

When paying parish basic allowances to elected members, local councils are obliged to deduct income tax. HM Revenue & Customs ("HMRC") treats all councillors equally, so local councillors will be subject to tax provisions the same way principal authority councillors are. There may also be similar considerations with regard to travel and subsistence allowance in certain circumstances. Councils are advised to consult HMRC for guidance on the tax treatment of allowances. Also, advice can be requested from NALC's Accounts and Audit Advisor.

Pensions

Council is a member of the Local Government Pension Scheme. Council makes monthly payments as required and appropriate records are maintained to keep a track of pension payments throughout the year.

H. Asset and investments registers were complete and accurate and properly maintained.

Asset Register

An asset register is maintained and updated.

Recommendation: Consider allocating a £1 nominal value to the allotments and Ford Woodland.

Insurance Policy

A copy of the insurance schedule has been reviewed and is in order. The Council will need to add the new Rangers Depot to this and the asset register.

Long-Term Investments

No long-term investments over 12 months have been identified.

Loans

DMO Public Works Loan Board loan paperwork has been reviewed. Second trach of the original £500,000 borrowed was drawn down on 5th July 2024.

I. Periodic bank account reconciliations were properly carried out during the year.

The Town Council carries out proper bank reconciliations on a monthly basis.

- J. Accounting statements prepared during the year were prepared on the correct accounting basis (receipts and payments or income and expenditure), agreed to the cash book, supported by an adequate audit trail from underlying records and where appropriate debtors and creditors were properly recorded.
- The Council operates its accounting system on an income and expenditure basis.
- No debtors and creditors were identified

K. If the authority certified itself as exempt from a limited assurance review in 2023/24, it met the exemption criteria and correctly declared itself exempt. (If the authority had a limited assurance review of its 2023/24 AGAR tick "not covered") Yes No* Internal control objective Not covered**

Not applicable.

L. The authority published the required information on a website/webpage up to date at the time of the internal audit in accordance with the relevant legislation.

The website is new and is currently being updated. Council needs to ensure that the website is as up to date as possible by the year end to meet the Transparency Code requirements.

M. In the year covered by this AGAR, the authority correctly provided for a period for the exercise of public rights as required by the Accounts and Audit Regulations (during the 2024-25 AGAR period, were public rights in relation to the 2023-24 AGAR evidenced by a notice on the website and/or authority approved minutes confirming the dates set).

- Copies of exercise of public rights notice are not currently uploaded on to the website.
- There are five previous years Annual Governance statements uploaded.
- The 2023/24 AGAR was approved by Council on 16th May 2024.

Recommendation:

- The Annual Governance Statement and the Annual Accounting Statement should be considered and minuted as separate items;
- The Exercise of Public Rights notice should also be minuted and should include the dates the public can exercise those rights.

Thank you for your hospitality and for all the information you have provided.

I would be grateful if you could present this report at the next available meeting of Full Council.

Yours sincerely,

Paul Russell, Internal Auditor
